Binti

Who is Binti?

Binti is a gorilla. She is 31 years old and lives in Brookfield Zoo in America. Binti is not wild. She likes to run and play, but she is also different from other gorillas. Binti is very famous.

Why is Binti famous?

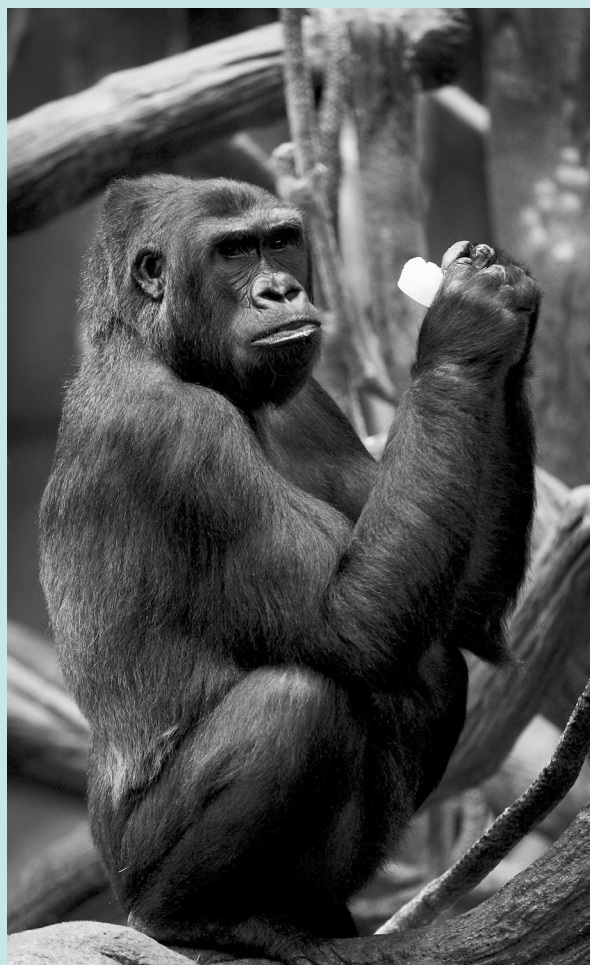

On August 16, 1996, when Binti was eight years old, she saved a child's life. A three-year-old boy climbed the high wall around Binti's cage (כלוב / قفص). The boy fell to the ground while Binti was in her cage!

What did Binti do?

Many people worried about the child. Gorillas can be very dangerous (מסוכנים / خطيرة) animals! Some people are afraid of them. People said, "Oh, no! The gorilla is going to hit the boy." But Binti was different. She wasn't dangerous. "Look!" said the people. "She is holding the boy in her arms and taking him to the gate." The boy was safe!

How do people know about Binti?

Binti was on the news and on the Internet. People around the world read the strange story and saw pictures of Binti. Many people visited her at the zoo. They wanted to meet Binti and take a photograph with her. Binti really is a hero (גיבורה / بطلة)!
